

Sandblaster

Job Description

We have an exciting opportunity for our **Sandblaster** opening and for anyone who has the required skillset and are interested in becoming part of our Bilton team in Innisfail AB!

Why Join Bilton:

Our organization strives to offer competitive wages and benefits. We invest in our employees and maintain a work environment that is conducive to their physical, mental and spiritual well-being. Bilton believes that our people are our strength; therefore, we reward outstanding performance and innovation. We provide equal opportunities for our people to achieve their career goals.

Essential Job Functions:

- Clean and refurbish metal and industrial equipment using sandblasting, pressurized steam or hydro blasting equipment.
- Abrade surfaces of metal/hard-composition objects to remove adhering scale, dirt, and to impart specified finish, using abrasive-blasting equipment.
- Shovel or pour abrasives, such as sand, grit, or shot of specified grade into machine hopper.
- Mask specified areas of object to protect from abrading action.
- Grind, sand, clean, or polish objects or parts to correct defects or to prepare surfaces for further finishing, using hand tools and power tools.
- Measure and mark equipment, objects, or parts to ensure grinding and polishing standards are met.
- Trim, scrape, or deburr objects or parts, using chisels, scrapers, and other hand tools and equipment.
- Must follow company policy and procedures and government legislation, including adherence to proper health and safety standards and use of personal protective equipment.
- Ensure that process is completed within set timeframes, and work as a member of multidisciplinary team to ensure products are finished by set deadline.
- Other duties as assigned.

Required Qualifications, Knowledge, Skills and Abilities:

- Minimum (3) years' related experience in sandblasting or equivalent.
- Knowledge of corrosion-control methods and processes.
- Ability to perform work accurately and thoroughly.
- Ability to operate required equipment in a safe and responsible manner.
- Knowledge of controlling, adjusting, starting and stopping sandblasting equipment for both grinding and polishing processes.

- Commitment to quality and safety.
- Effective verbal and listening communications skills.
- Ability to work independently and complete daily activities according to work schedule.

Essential Attributes:

- Customer Focus
- Communication
- Energy & Stress
- Team Work
- Quality Orientation
- Problem Solving
- Accountability and Dependability
- Operating Equipment
- Ethics and Integrity

Working Conditions:

- Job requires ability to work with a variety of hand and power tools.
- Use of Personal Protection Equipment will be required (e.g. hard-hat, safety boots, etc.).
- Regularly in conditions that include heat and humidity, and exposure to dust.
- Must be able to lift, push, pull or carry objects, use abdominal and lower back muscles to provide support over time without fatigue and to effectively jump, sprint or throw an object.
- Requires good manual dexterity (hand, hand with arm, two hands) and multi-limb coordination.
- Noise level is generally loud.
- Excellent stamina is required.
- Hazards associated with the industry.

We provide competitive wages and benefits, hands-on training, and an opportunity to work on some of the most interesting projects and applications in the Oil and Gas industry. Providing ample opportunities for employees to achieve their career goals, we encourage you to come and be a part of the Bilton Team today!

Thank you to all applicants; however, only candidates selected for an interview will be contacted.
